

IABMAS'08

The Fourth International Conference on Bridge Maintenance, Safety and Management
July 13-17, 2008 Sheraton Grande Walkerhill Hotel, Seoul, Korea

Dear IABMAS'08 Participants,

On behalf of the Organizing Committee of the Fourth International Conference on Bridge Maintenance, Safety and Management (IABMAS'08) held in Seoul, Korea, July 13-17, 2008, I would like to appreciate all of you who participated in the conference. It was a long way to travel and your attendance was much appreciated. We hope you found the conference relevant and informative, and had a great time in Seoul. According to the official figures we had more than 600 registered attendees representing from 38 nationalities.

We are proud to be given this opportunity for serving the international community and very happy to be acknowledged by many of you for satisfaction with the conference. If I am allowed, I would like to give the credit of IABMAS'08 to many young scholars who worked and studied so hard in this field.

I hope that you all have returned home safely with useful scientific information from the Conference as well as a fond memory of Korean culture and hospitality experienced during your stay in Seoul.

Looking forward to seeing you in USA during the next IABMAS in 2010, I would like to send you again our gratitude and best regards.

Best Regards,

Prof. Hyun-Moo Koh
Chair, IABMAS'08
